

ETC List of Partners involved in programmes

The aim of the overview below is to present a list of organisations ETC is cooperating with. Since this relationship has several different kinds of forms it is requested to specify this by including the role of the partner. It is requested to include only the partners which have a direct¹ role with the ETC unit or programme carried out by the ETC unit. Although we regard donors and clients also as our partners they are not mentioned in this overview but they are mentioned in the project-list.

Definitions to be used:

IP Implementing Partner;
 SUP Supporting University Partner;
 CP Coordinating Partner;
 NFP National Focal Point (f.e. for ENERGIA the network coordinator at national level).
